CERTIFICATE III IN SURFACE EXTRACTION OPERATIONS

Career Start Funding: Traineeship

The Career Start program provides a public funding contribution towards the cost of training and assessment services for eligible Queensland apprentices and trainees.

To be eligible to receive a government contribution, the apprentice or trainee must:

- have entered into a Training Contract for a qualification that is funded by the department (RII30120 Certificate III in Surface Extraction Operations)
- be registered on DELTA with a commencement date or recommencement date on or after 1 July 2020
- select a training provider that holds SAS status for their nominated qualification (Coal Train holds SAS status for the RII30120 Certificate III in Surface Extraction Operations)

If you are interested in signing up an employee into a Surface Extraction Traineeship you will need to address the following:

- Ensure that there is a Supervisor in the workplace that holds a Certificate III in Surface Extraction Operations qualification or have multiple Supervisors who hold cumulative qualifications/units to make up the Qualifications
- Contact an Apprentice Connect Australia Providers (ACAP) to discuss Apprentice eligibility, general information, incentives etc. regarding Apprenticeships (Busy at Work, MRAEL, etc.)
- Upon signing up an Apprentice and selecting your Supervising Registered Training Organisation (SRTO) the Apprentice can then commence training towards their qualification

FEES

Student contribution fees under the Career Start Traineeship program are set at \$1.60 per nominal hour for each unit of competency/module.

Fees are payable by the employer or a third party. If the student pays the fees, the employer must reimburse their trainee within six months of payment. Fee will vary depending on the elective units selected. The fee for the core units will be \$153.60 and for students who have concession or exemptions, contribution fee will be \$61.44. The fee for the elective units will vary depending on the units selected.

* There may be an additional fee for training depending on the number of Trainees being trained as well as the location of the training.
